

How to upload your child's work into their portfolio on Dojo using a mobile device

1. You must be logged in as your child not as a parent.
2. You should see a screen that looks like this when you are logged in:

3. Click on the Class icon next to the Class name (in this case it's a paintbrush) . You should then see a screen which looks like this:

4. Click on the purple lettering which says 'create new'.

5. You will then see the following screen:

6. Choose what you would like to upload. You can either take a photo in real time and upload it or you can select one from your gallery. This is the same for videos.

7. Once you have uploaded your post it will go directly into your child's portfolio.

No one else will be able to see what you have uploaded only us.
