Dear Parents/ Carers,

Thank you to everyone who attended our SEND services drop-in last week. We would like to share further information about the services that attended. We hope you can connect with and make use of these fantastic services.

**Enfold** is an all-age Northamptonshire charity. Our services are aimed at improving the lives of those living with Autism Spectrum Condition and their families, whether diagnosed or undiagnosed, adult or child, by removing barriers and increasing understanding. EnFold act as system navigators to ensure better support, better communication, and most importantly connect individuals and families to the right support for them.

Our YAAP group offers a welcoming space for Autistic individuals, including those on the diagnostic pathway, aged 11-25, regardless of their communication needs, with groups in Northampton and Kettering, while through our High Five parent support group, EnFold are able to provide a supportive environment to talk through any challenges that you are going through, and also be a safe space to get away from things.

Our support group is dedicated to creating a vibrant and supportive community for neurodivergent families. We offer a safe space for connection, learning, and fun via a range of social meetings, informative/workshop meetings and events for the family including day trips, private hires and more. We are here to keep you afloat in a sea of hope whether you have a diagnosis or not.
