

Hawthorn Community Primary School

UKS2 Forecast Sheet
Term 6 2026

This term our theme is: The Tudors
School Value: Thoughtfulness

English Writing

Persuasive Letter

The children will continue to write in a persuasive style. During the unit, they will put themselves in the position of King or Queen, requesting help to defeat a deadly foe.

Change Story

The children will complete their final fiction story of the year. They will be using their writing tools to continue to develop a story which sustains the awareness of the reader.

English Reading

This term, the children will be reading a range of books linked to the writing curriculum. This will ensure they have ideas which will help support the writing curriculum.

To support with the children's reading skills, please listen to your child as often as possible. The bookmark your child has been given has some key questions on it which can support with this.

History – Tudors

Children will continue their learning journey about the Tudor dynasty. They will learn that the Tudor period began when Henry Tudor won the Battle of Bosworth against Richard III and was crowned Henry VII. They will learn about the significant figures that reigned during this period, and they will understand that Henry VIII made the most significant changes when he ruled. They will also learn that when Elizabeth I ruled, this was seen as 'The Golden Age.'

PE Days

Maples – Mondays and Wednesdays

Cedars – Mondays and Fridays

Oaks – Wednesdays and Thursdays

Some Y6 children will be attending swimming sessions on Thursdays

Maths

Please continue to encourage your child to recall their times tables: games in the car/walking to school etc, TTR, Hit the Button.

Maths is taught in mixed ability year groups.

Year 6 (Mrs O'Keefe and Mr J) and Year 6 (Mr Dlx and Mrs Tinto)

Year 6 will continue to develop their Maths knowledge linked to the areas they will cover in Y7. The areas of focus this term are as follows:
Y5 – recapping previous calculation methods, position and direction, decimals, negative numbers and converting units of measure.

Y6 – Ratio, algebra and problem solving

Science – Living things and their habitats, including microorganisms

Through this unit, the children learn to classify organisms. They will use the basic ideas of the Linnaean system (a taxonomy) to observe and compare organisms. The second key idea is that of micro-organisms. This will be a new idea within the curriculum sequence. The children will learn about the three main types as well as investigating the growth of bacteria on bread.

Other Subjects

RE – What do people believe happens when we die?

Art – 3D Installations

PSHE – Changing Me/SRE

French – A L'Ecole (At School)

Music – Y6 Leavers songs

Computing – Sensors (Microbits)

PE – Summer dancing, athletics and tennis

Year 6 Drama – Performance of the Shakespeare play, The Tempest.
