

Hawthorn Community Primary School

UKS2 Forecast Sheet

Term 4 2020

This term our theme is:

Extreme Environments & North America

English

Biography (Earnest Shackleton)

Mystery stories

Detective Stories

The children will continue to Sentence Stack as well as write at length independently.

Maths

Fractions – using all 4 operations

Percentages and Decimals – how they link to fractions.

Finding amounts using percentages

Art

Still Life – The children will continue developing their use of different media within still life.

Year 5 Geography

North America

The children will be looking at the different countries in North America, comparing climates and biomes in this vast continent.

RE – Who's world is it?

Looking at the beauty of the world and how unique it is.

DT

CAMS – The children will be making a moving toy linked to picture books. They will then evaluate this by sharing it with children in EYFS and KS1.

Geography

Human and Physical geography of extreme environments

The children will continue to develop their understanding of how tsunamis, earthquakes and volcanoes impact human geography as well as why these events happen.

Year 6 Revision

Grammar, Maths and Reading

In these sessions, the children will be looking at 'Top Tips' on exam techniques.

PE Days

Maples – Monday and Friday

Cedars – Thursday and Friday

Oaks – Thursday and Friday
