

Hawthorn Community Primary School

Lower Key Stage Two Forecast Sheet
Term 4 2020

This term our theme is:

Wonderful Water

English

We will research some of the main rivers of the world and report on the landscape and wildlife found there. Our explanation text, Manfred the Baddie will enable us to explain how we made our water wells.

Maths

This term we are mainly focusing on fractions – equal parts of a whole. We will be identifying them and representing them in different ways. We will find equivalent fractions as well as add and subtract them.

Art / DT

Making water wells. Focusing on strengthening materials and making pulleys.

Geography

We will write directions to, and complete a field study of Slade Brook. We will look at how rivers and coasts are used and learn about the changes in our landscape. In mapping, we will locate world oceans, seas, rivers, mountain ranges, volcanoes and earthquakes.

RE:

We will explore the matter 'Good and Evil'. Discussing and identifying what makes a person good or bad and how different religions view this.

Science

Solids, Liquids and Gases

We will continue to explore the processes involved in the water cycle by developing different investigations.

PE Days
