

Hawthorn Community Primary School

Lower Key Stage Two Forecast Sheet

Term 5 2021

This term our theme is:

The Park

English

We will be completing a unit of work based on a short film called Taking Flight. We will also be looking at explanation texts and linking these to our work in Science.

Maths

We will begin by looking at decimals and their links with fractions. We will then apply this by looking at calculating with money. We will revise multiplication and division. We will finish by learning about statistics. We will be looking at time in weekly sessions so any practise of this at home will be greatly appreciated.

Art / DT

Packaging: Looking at existing food packaging and then designing and making our own sandwich box for our own sandwich.

History / Geography

We will be look the purpose of parks and be comparing parks around the world. We will focus on Wicksteed Park and look at its history.

RE How does religion help us?

Science:

Plants We will learn about how plants grow and what they need to grow healthily as well as the life cycle of a flowering plant.

PE Days (day change)

Willows: Thursday

Silver Birches: Tuesday

Redwoods: Thursday

Miss York's group: This group will continue to complete English lessons on the same theme as the main classes but will continue to focus on number and key skills in maths.

Homework and reading – please continue to see the weekly tasks set on Dojo for homework and please continue to post on Dojo profiles when your child has read at home.
Thank you for your ongoing support.
