11th February 2022

Dear Parents/Carers

Scratch Coding Club – Years 5 & 6

Do you like coding? Can you work as part of a team? Do you want to create your own game on Scratch? Over the next term join us as we create Hawthorn's very own entries for the Young Coders Competition 2022. The theme is **'My World, Our Planet'**. We are looking for participants to create a reactive game which encourages children to take care of natural resources and improve the environment. The opportunities are endless and you are in charge of creativity!

It doesn't matter if you don't know how to do it, yet...as long as you're willing to try.

You need to be determined, have perseverance and be good teammates!

Do you think you have what it takes to be part of Hawthorn's Young Coder Crew 2022?

This exciting after school club starts on **Monday 28th February from 3.30 pm to 4.30 pm**, until Easter and will initially run for 5 weeks with a maximum of 15 children.

If your child would like to take part please complete the online form using the link below by **Tuesday 22nd February**. If the club is oversubscribed then places will be allocated by randomisation. You will receive an email on 22nd February letting you know whether your child has a place.

Link to permission form: [Scratch Coding Club](#)

Thank you

Hayley Greener
