# How do you decide whether a child has SEND?

We use the graduated approach to make decision about whether a child has SEND.

- Class teacher meets with parents
- If less than expected progress is made, move to stage 2

## Stage 2 Referral to SENDCo

- Completed SEND Concern and Evidence form is sent to SENDCo.
- SENDCo completes an observation and adds to the SEND Concern and Evidence form and feedback to parents and teacher
- Suggestions made and the assess, plan, do, review cycle is followed.
- If expected progress is not made, move to stage 3
- Child added to SEND register (follow SEND stages of support/SEND Flowchart)

## Stage 3 External support

- Referral to outside agency/specialists.

# How do we provide high quality teaching to all children in the classroom?

As well as our Inclusion Policy, which explains what we do to support our children with SEND, we have a SEND Strategy. Our SEND Strategy was written to support all staff at Hawthorn and all staff have received training on this approach in September 2022. It outlines what you'd expect to see in all classrooms, it's the Hawthorn Way!

*Education Endowment Foundation, January 2022*

The SEND Strategy is based on the Education Endowment Foundation's 5-a-Day strategy for high quality teaching for all in the classroom.

# What additional adjustments do we make for children at Hawthorn?

At Hawthorn School we recognise our that there are additional adjustments to the teaching and learning environments that will enable our learners to access the curriculum, linked to the 5-a-day strategy and which run alongside it.

These are the reasonable adjustments that you may see within our school. These are organised under the headings according to the SEND Code of Practice, however, it is recognised that some of these strategies fit more than one category. They are applied on a case by case basis following discussions between the Inclusion Leader and the class teacher.

## People who know me well

- Miss Brown
- My friends Jenny and Eleanor

## My hopes for the future

I really want to play unicorns and fairies at play time. When I'm older, I want to be able to roller-skate. I'd like to work in a shoe shop when I am an adult.

## My worries

I worry when things change and I'm not prepared. I find it difficult when I don't know what I am doing for the day. I find playtimes tricky and need help to ask others to play with me.

## My interests and likes

I really like playing with my dolls. I like to play on my own but sometimes I let my sister play. I like pink and glitter. I like to play tag at school and I like doing maths and numbers. I like going to the park and running.

## My strengths

I am a really friendly person and I let others share my things. I like to look after people if they are hurt. I am really good at my phonics and my sounds, I like to do these on my own and show others how good at them I am. I am a really talented artist and good at colouring.

## How you can help me

I really like things to stay the same at school and I can get upset if I don't know what is happening during the day. It is helpful for the visual timetable to be up to date and for someone to talk it through with me at the start of the day. I like to have my milk at the same time each day. At lunch time and playtime if there is a problem I need to talk through it with someone so I understand what has happened. I need to be reminded to say my sentences out loud and to use counters in maths

# How do we support children at Hawthorn when they move to the next phase of their education?

- Pupils and parents are encouraged to consider all options for the next phase of education and the school will involve outside agencies, as appropriate, to ensure information is comprehensive but easily accessible and understandable. Accompanied visits to other providers may be arranged as appropriate. The school encourages parents of children with SEND to begin this process in year 5.
- Support for the pupil in coming to terms with moving on is carefully planned and will include familiarisation visits. Pupils are included in all “class transition days” to the next phase but may also be offered additional transition visits.
- We work hard to facilitate a smooth transition into our school from the previous phase of education and from our school into the next phase of education.
- When a pupil with SEND is due to transfer to the next phase of education e.g. KS2 to KS3, the Inclusion Leader will arrange for all pupils with SEND to have additional visits where their questions can be answered in a small group situation.
- All the information on the specific details of the individual needs of the pupil will be communicated to the next school's Inclusion Leader. Extra support is also available leading up to the transfer of the school the child may transfer to.
- Timescale - the information is passed to the Inclusion Leader of the Secondary School in April/May who will then work collaboratively with staff to organise a transition package for the pupil. The additional visits usually take place in June and July. Parents are given a named contact at the next phase provider with whom the Inclusion Leader will liaise.

# What if I'm not happy with the support my child is receiving at Hawthorn?
