Dear Parents / Carers (Key Stage 2)

Knowledge Organisers

As part of our ongoing drive to support our children with their learning, we have introduced Knowledge Organisers into our Science, History, Geography and French subjects. Knowledge Organisers include key vocabulary, facts and information that are specific to a particular unit of work. The children are able to use them to support them in retaining important details which enable them to learn more and remember more.

From this term onwards, we will be sharing the Knowledge Organisers with you. This means you will have a very clear understanding of exactly what your child is learning about. You will also be able to help your child learn specific facts and understand particular vocabulary definitions. Many children like to carry out their own research, and the Knowledge Organisers will give them a starting point for their own research.

Knowledge Organisers will be shared via Class Dojo on a PDF meaning you can easily view (or print if you have that facility) the document.

Many thanks for your ongoing support,

Miss Blakeley

Deputy Headteacher
