20th February 2018

Dear Parents

On the last day of term we had a visit from the NSPCC who gave the children lots of information about how to keep safe and the valuable work that they do. At this assembly they mentioned a sponsored event to help raise money for the charity as they provide these assemblies and workshops for parents and children free of charge. As a school we have decided not to complete a sponsored event as we are conscious of today's financial climate, instead we will be sending a donation from the school towards the charity. If you would like to add to the donation there will be a box in the school office.

They will be returning to school on Thursday 22nd February (as notified on the school newsletter at the end of term) for an information workshop for parents based on online safety. This is in conjunction with o2 and will provide a guide as to managing social media, how you can keep your children safe online and the different sites and apps that children may be using. In the ever changing technological world it is often hard to keep up with what children are accessing and how to keep them safe whilst doing so. The workshop will be held in the diner on the KS1 playground from 9.00-10.00 am. It would be good to see lots of people there.

The NSPCC will also be providing workshops for the children in year 5 and 6 to help them to become more aware of how to stay safe online and answer any questions they have, these workshops will take place during the morning.

NSPCC

The NSPCC does an amazing job in bringing awareness and support for children who are in need and help to make a difference in their lives.

Thank you for your ongoing support
